Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

WHY MAXLINER?

Whether purchasing a canopy to keep your tools safe to and from the job site or getting all the family's gear to the weekend camping spot, you want confidence that the product you invest in will get the job done.

Our company has been producing OEM quality vehicle accessories for over thirty years, resulting in many vehicle manufacturers sourcing genuine accessories and production parts from us globally.

Exclusively engineered for the perfect fit and finish in the heartland of ute manufacturing, all Maxliner canopies are manufactured from ABS plastic over an internal metal frame. This combination of materials offers you the perfect hybrid of lightweight function with class-leading load-carrying strength and recyclability.

Available in three unique styles, from practical and secure to groundbreaking specifications and electrifying styling, we have a canopy to suit all Aussie ute owners.

Internal steel structure for increased roof carry capacity*

Handle free large side window for easy access

Front lift-up window with optional ventilation

Handle-free push button entry on all external windows

Available in two colour options

Rear spoiler & colour coded lower glass accent panel

Optional Maxliner cross bars

Optional slide in, lift up window insert

*100kg Static & 300kg Dynamic payload

VENTURE CANOPY

**Groundbreaking specifications
and electrifying styling**

Engineered from the ground up, we created the new Venture canopy with Aussie ute owners in mind. We tasked our in-house R&D and Styling team with building a canopy that combined form and function with SUV-like styling. The result is Venture.

The Venture features prominent side & rear windows for easy access and is available in two product styles, a traditional colour-coded painted body or a modern and dynamic black-accented version.

To further personalise your vehicle, you can match either style with black door moldings, flares, weather shields, side steps, and roof rails.

MAXTOP CANOPY

**Modern design combined
with quality features**

If you want a canopy that works (and plays) as hard as you do, the Maxliner Australia Full Option could be your perfect fit—incorporating function, style, and features to suit your lifestyle and needs.

COMMERCIAL CANOPY

Practical and secure

You want to get the job done with no fuss. Whether it's for keeping your camping gear safe or your work tools away from prying eyes, the Maxliner Australia Commercial canopy ticks all the boxes.
